As a bride 4 years ago, staying in my pj's, eating croissants and sipping a glass of champagne was the best way to spend my wedding day morning. Let people come to you, relax and enjoy. I can highly recommend it!

This is why I decided 3 years ago to dedicate my work to wedding hair only. I offer a service at a home or venue of your choice so you can relax and enjoy the build up to the best day of your life.

I consider it is a privilege to be a part of your wedding day and with the right people working with you, your special memories will start from the moment you wake up and stay with you forever.

Best of luck for your special day!
